

# 2011 Apache 64 VOLT - 4x4 ALL ELECTRIC VEHICLE - MADE IN USA

## Setting The Standard for Electric Utility Vehicles

### Why The Apache 64 Volt Is The Best

- American Made
- 100% New Vehicle – most competitors remake used golf carts
- Most comprehensive Warranty
- We use AGM Batteries... Competitor wet cell batteries require constant maintenance and are corrosive
- Light Aluminum Frame - most competitors use sluggish steel
- Longest Range – most competitors use 48 volt
- Fastest Acceleration
- High Torque=Most Powerful
- Highest Ground Clearance
- On-board Custom Charger
- Most powerful – 64 volt vs. 48 volt
- Upper Brush Guard
- Most standard features such as:
  - Disc Brakes
  - Roof and Windshield
  - Seat Belts
  - 4 Passenger Seating

### Power Source

- 64 volt 30 peak horsepower electric motor
- 130 ft. lbs. of peak torque
- High capacity, 8 volt deep cycle maintenance free, absorbed glass matt batteries
- Dash mounted battery fuel gauge
- 40 Mile range on a full charge and proper charging habits
- 100% Waterproof - 800 amp 72 volt controller designed for Stealth Manufacturing, LLC
- -13 Degree f to 135 degree f operating range
- On board 20 amp charger/maintainer
- High performance forward and reverse switching system

### Drivetrain & Suspension

- "On demand" 4-wheel drive
- 800 Pound rated heavy duty rear leaf springs
- Heavy-duty rear solid axle with shocks that gives a smooth ride and reduces the "energy-draining drag" of IRS systems
- The industry's largest payload
- Inner & Outer CV joints on both half shafts
- Coil-over shock independent front suspension
- Rack and pinion steering

### Dimensions

- Total Weight: 1525 lbs (250 lbs less than the competition)
- Lift Height: 7½" yielding 9¾" of static ground clearance
- Turning Radius: 127.5"
- Height: 78"
- Width: 52"
- Length: 117"
